

August 5, 2020

Dear Sentinel parents and patrons,

With the start of school approaching, that also means that school activities will be starting as well. We encourage anyone that attends a school activity to be respectful of social distancing guidelines. If social distancing is not possible at a school activity, face masks or shields may be worn, but are not required at this time. We would also remind everyone to use proper hygiene procedures by washing or sanitizing your hands after touching high use surfaces and by avoiding touching your face as much as possible.

Sincerely,

Mr. Goostree
